Delhi Township Designates Walking Loop

Delhi Township recently designated a parking area and installed mileage indicator signs for those who use a popular walking route within the Township. After becoming aware of both the popularity and the pitfalls of the Neeb Road to Rapid Run Road to Anderson Ferry Road to Foley Road walking loop Delhi Township Board of Trustee President Al Duebber suggested that the Township look further into the situation.

As a result the Township recently designated the Senior/Community Center building at 647 Neeb Road as the parking area and beginning of this 3.4 mile walking loop. Those who previously used various private parking facilities along the route are now encouraged to use the Township's parking facilities at the Senior/Community Center. Beginning from that point distance markers have been installed at various locations along the way so those using this route will know how far they have traveled.

Related pictures are enclosed. For additional information, please contact Gerard Schroeder, Township Administrator, at 513-922-3111.
