

Connecting our Community with Essential Resources

Delhi Township is a great place to call home, with its deep roots, caring neighbors and an unmatched sense of community. Serving our residents in times of need is at the heart of what the Delhi Township Police Department does, and we recognize that our neighbors sometimes face unique circumstances and challenges.

Delhi Township Police Department's Community Advocate is dedicated to advancing the wellbeing of residents by improving community health and safety and providing support through:

- Basic crisis intervention
- Outreach and education
- Maintaining engagement with active referrals from police personnel, local schools, hospitals and the public
- Connecting residents with vital community resources
- Working closely with the Delhi Fire Department's Community Risk Reduction Specialist

Our Department is ready to advocate for you by assisting in confidential matters with care and compassion, whether involving mental illness, abuse, addiction, incidents causing emotional trauma or locating valuable community resources in times of need.

CHIEF'S MESSAGE

Our officers receive over 20,000 calls for assistance on an annual basis. While some calls are criminal in nature, many also require some degree of social service-type support. With the Community Advocate on our team, we can extend additional support to these neighbors, allowing our officers to remain focused on police work and preventing crime.
